

What is CAUSE?

- Vibrant community (est 2003); many active initiatives including annual conferences (eCOTS & USCOTS), student project competitions, webinar series, professional development, etc
- 74 member institutions; thousands of members

What is CAUSE Research?

- **Mission:** Promote and support the advancement of statistics *and data science* education research
 - Connect researchers
 - Disseminate resources
 - Advocate for value and impact
- 2021 reboot after dormant period on research side
 - Conferences, reading groups, resource pages, future mentoring program, etc.

GOAL: Introduce CAUSE Research to the SIGCSE and ICER community to build bridges among data science education researchers.
